

Dragonflies 20.11.26

This week we have started a new book for our Dinosaur topic and had lots of fun playing with dinosaur sensory trays. We have hatched dinosaur eggs and enjoyed dinosaur themed maths. In outdoor school we have been on a dino hunt and made dinosaur footprints in the mud. We have also been lea ring about kindness this week, we have been practising saying hello to our friends, looking after poorly teddies and finding out about people that help us.
