

Class 1

We've had a very busy week, again, in Class 1!

In Topic we have been planting and exploring beans. The children have planted the beans in a plastic clear bag which will mean they will be able to see the roots as the beans grow.

Of course, it was Pancake Day this week where the children loved making their own pancakes and adding their chosen toppings. The children worked hard as they focused on their fine motor control cutting the strawberries up ready to add to the pancakes.
