Class 2 News

This week in PE Class 2 have been learning about jumping in different ways as part of our Jumping Jacks unit. We enjoyed going up to the Muga and practicing two feet to two feet jumps on the spot and in and out of hoops, here are some fantastic action shots!

In topic the we have made some great moving vehicles and learned how to make wheels for a bus that really do go round and round with an axle. We have also been learning about friendship in PSHE and RE and it has been lovely to see everyone trying really hard to work and play like friends.

Well done Class 2, have a great weekend! Mrs Shannon and the Class 2 team x
