Class 11

We have had another really busy week in class 11!

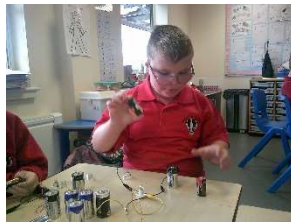

In literacy we are loving the story of George's Marvelous Medicine – we have designed and made our own smelly brown potions for Granny this week!

In numeracy we have finished our fractions work finding fractions of shapes and amounts, we have used lots of practical games to help us solve the problems and understand the ideas.

In our topic 'Bright Sparks' all about electricity – we thought about safety rules around electricity and explored building our own electrical circuits.

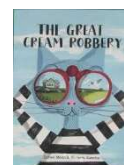

Don't forget to check out the pictures from the Pioneer residential last week on the school website – we had a fantastic time and everyone should be so proud of themselves.
