

Class 4!

During My Topic this week Class 4 have really enjoyed making our very own lollies! We poured our own lollies using fruit juice, put them in the freezer and ate them on Friday which our children loved. During Outdoor School this week, we were able to play hide and seek which our children found exciting and we all found some excellent hiding spots as you can see in the picture below 😊!

In My Wellbeing, Class 4 have been piecing our pictures back together in a puzzle like fashion, and naming body parts which we all did amazingly with!

In Literacy, we have been looking at poems and using Colourful Semantics to describe the pictures.

Most of Class 4 have moved on from their previous targets this week which we are delighted with, many are moving on to develop numeracy language 'more or less'.

Have a lovely weekend and see you all on Monday! 😊
