

Class 1

We have had a fantastic, busy week in Class 1!

We have continued with our topic 'Going Places' where we have started to read the story of Beegu. In Literacy, we explored how Beegu is feeling now that he is lost in space and linked this to our Zones of Regulation. The children explored Blue Zone and how they might feel within this zone. In Topic, the children had lots of fun creating rockets and watching a real rocket take off on the whiteboard. Everyone was very excited to count down from 10-1!

In PSHE this week, we have thought about what makes us feel angry and what angry looks like. We continued this within the Outdoor Area and created faces using natural materials.

This week we had our final swimming session of the year– it has been so much fun!

Mrs Morris, Mrs Ratcliffe and the Class 1 Team
