

4.7.25

Class 7

Literacy

In Literacy this week we have read chapter two of *The Hodgeheg*.

In class we have been writing sentences about the park, listening to facts about nocturnal animals and answering questions.

We also recalled what Max could see and hear when he went for his walk and the adults were extremely impressed with the children's efforts towards their handwriting.

Numeracy

In Numeracy we have been working on money. Some children have been:

- Unitising
- Recognising coins
- Recognising notes

Topic

In topic we have played with and looked closely at a range of toys and sorted them into categories based on the material they are made from.

We also carried out a science experiment where we tested a range of materials to see which would be the most suitable for a bath toy.

Storytime

This week our story has been "On a Pirate Ship" by Sarah Courtauld and Benji Davies.
