

Class 4!

During My Topic this week Class 4 have really enjoyed looking at flowers and plants and how they grow. Next week we will be growing and looking after our very own plants.

In My Numeracy the children have ordered numbers from 10 to 50 they worked individually and all did superbly! All children achieved the task.

In My Wellbeing, Class 4 have been doing so well looking at female/male differences. They have also shown pleasing progress in knowing the differences in our bodies and what we can do and how this changes as we get older.

In Literacy, we have been looking at a book called 'Baking with dad'. Class 4 have completed some Colourful Semantics work linking to the book. The work completed by the children showed their super progress over the course of the year!

The children also baked cakes and decorated them on Thursday linking to the story.

In Play and Leisure, we have really enjoyed our bubble play and train track making where Class 4 have developed their social skills all learning to share and play with each other!

Have a lovely weekend and see you all on Monday! 😊
