

## Topic

This week our Year 6 pupils had the opportunity to attend the Crucial Crew event that took place at Telford College. The children had the opportunity to learn different life skills including, fire safety, road safety, alcohol awareness and water safety. The children all did very well dealing with the very hot conditions and contributed excellently to the teaching sessions.

## Numeracy

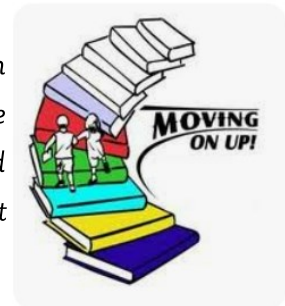

This week in Numeracy the children have started to learn about time. The children have been learning about the different parts of an analogue clock and then using these features to tell the time.

## Transitions

This week has been extremely busy with some of the children attending transition events to their new schools. A massive well done to all of the children who have taken part in these events. The children have all returned very enthusiastically and have coped with a potentially nervous time very well.

Southall transition events will continue on Monday and Tuesday of next week.

## Story Time

This week the children have been listening *The BFG* by Roald Dahl.

P.E is on a Monday and a Friday

Homework is Reading, Spellings and Numeracy.
