

The children have continued to have another lovely week settling into class and getting to know each other.

In My Topic we have begun exploring plants, the children have had fun learning about plants we can eat, plants that smell and planting seeds to see how they grow.

In Literacy we have started our story 'Yucky Worms' by Vivian French. We explored the front cover, while the children made predictions about what might happen in our story.

In numeracy we have started our focus on place value, some of the children have been sorting objects by a single attribute, while others have been counting on from any number within 10.

The children really enjoyed our outdoor learning and were exploring the area looking for signs of autumn.

When arriving or leaving school, please use the path with the railings, rather than cutting across the carpark. Thank you.

Have a lovely weekend,

Mrs Clarke and the Class 9 team. 😊
