

Topic

This week the children have continued our How Humans

Work topic. The children have been learning about the eye this week and have been learning how we use light to see. The children

have also used the VR headsets to look at the parts of the eye. Next week the children will continue this topic and learn about the ear and the process of hearing.

Numeracy

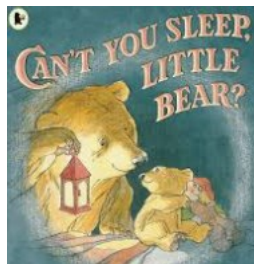

This week the children have started their numeracy lessons and have been concentrating on Place Value. The children have been learning to represent numbers in a variety of different ways. This Place Value focus will continue for the next few weeks.

Literacy

This week in Literacy the children have been learning to use sentences to describe what they can see. The children have been learning about mystery stories and using prepositions and adjectives to enhance their writing. This focus will continue next week with the children using verbs and adverbs to add more detail.

Story Time

This week the children have been listening to a variety of shorter stories. One of those being 'Can't you Sleep Little Bear'.

P.E is on Mondays and Fridays.

Car Park Reminder– When collecting children from the front door could we please use the path way as the car park is very busy. Thank you.

Have a Great Half Term
