

19.09.25

Class 7 have enjoyed lots of fun activities this week. We practised moving in different directions in PE through a range of games. In RE, children have been learning about kindness. In our Music lessons, we are learning the song 'Mamma Mia' and children loved using the musical instruments to play to the rhythm. In other lessons we have been learning:

Literacy

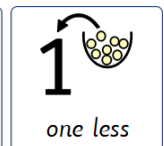

This week, we began our new story, "Beauty and the Beast". Before introducing the title, we began by exploring a range of objects and sensory trays based on the story. Children discussed and drew pictures of what they thought the story would be about. Next, we looked at different front covers, and the children designed their own and practised writing their name for their cover. We then began reading the book and we learned about the Prince. We talked about all the things the Prince likes, and the children wrote about their own favourite things.

Numeracy

This week we began learning about Place Value through a range of practical activities. Children have been learning to:

- Find one more and one less than a number
- Order numbers
- Understand and use a number line

Topic

This week in our People of the Past topic, the children learned about the artist Pablo Picasso. We looked at some of his paintings and talked about what we noticed in his artwork. To learn about his life, we read the Picasso book from the 'Little People, Big Dreams' series. Children learnt about Cubism and used 2D shapes to create their own pictures. They also drew around shapes, cut them out and arranged them to create a self portrait. We looked at Picasso's 'Blue Period' and children learnt how to mix colours to make different shades of blue. They used these colours to paint over photos of themselves.

Storytime

This week we have been reading 'Yeti and the Bird' by Nadia Shireen.
