

Welcome

Hello and welcome to more fabulous news from the hub!

This week, we have been very busy working hard and positively engaging in lots of new learning experiences. We are very impressed with the way the children are now transitioning throughout the day, sitting for longer periods of time and using their growing knowledge of signs and symbols to help support their communication.

This week, in phonics, the children have settled well into their new groups and have worked with their adults to recall and record their growing phonic knowledge. Some children have also been practicing to orally blend, with great results. Others have been reading to improve their fluency.

In maths, the children have continued to explore place value using ten frames to represent an amount, while others have been using the 'part whole model' to partition two-digit numbers.

This term our topic for the year 1 children is called 'To the Rescue' and we will be learning about Superheroes, both fictional and non-fictional. This week, we completed a Knowledge Harvest to see what the children already know and what they would like to learn. We then made masks to represent our favourite superheroes and discussed what superpower we would like.

In addition to all our amazing learning, we have been reading the following books to support our learning across the curriculum.

This week, in PSHE we have explored and use the Zones of regulation-'Blue Zone'. The children then discussed and identified the emotions they might be feeling when in the blue zone. (Sad, tired, poorly or bored) before presenting their thinking.

Finally, well done to all the children for trying a range of new foods and eating a hot school dinner. Also, a well done to Avery for attending her first gymnastics club. She was so excited to go and thoroughly enjoyed it!!

- Reminders-
- Please bring reading books and diaries into school daily.
- P.E is on a Tuesday. Children to wear their P.E kit into school
- Children will need a set of waterproofs and wellies to remain in school for our outside learning.
