## Christmas in Class 7

Children have enjoyed decorating our class tree for Christmas. We are looking forward to lots of festive activities over the next few weeks. Class 7 are also working hard on our performance of 'Ralph the Reindeer', which we will be performing to our audiences on the Monday 15th and Tuesday 16th December. We are also excited about Christmas dinner/jumper day on Wednesday 10th December and our disco on Thursday 11th December.

### Literacy

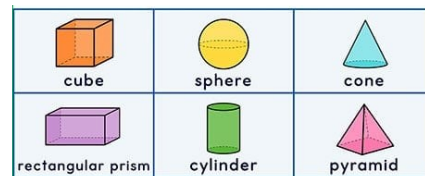

In Literacy this week, Children wrote diary entries imagining they were the character Belle. They wrote about how Belle and the Beast had become friends, and the different activities they did together such as reading, eating breakfast, and dancing.

### Numeracy

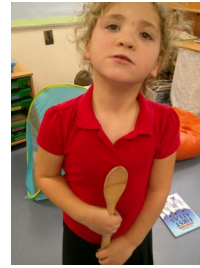

This week we moved on to learning about Shape through a range of practical activities. Children have been learning to:

- Identify 2D and 3D shapes
- Sort 3D shapes
- Count faces of 3D shapes
- Identify lines of symmetry

### Topic

This week, in our topic 'What's it Made Of?' we learned about wood. Children looked at wooden objects and explored whether they could bend, twist, squash, and see through the material. We also talked about what words we would use to describe wood, and sorted items into groups of 'wood' and 'not wood'. We then learned about where wood comes from and how it goes from trees to being made into wooden objects such as furniture.

### Storytime

This week we have been reading 'A Festive Feast'.
