

Class 12!

In Literacy this week we have completed our first of the Month and enjoyed doing activities linked to World Book Day! We designed a front cover to a book we would make ourselves which we saw some fantastic ideas.

In Numeracy this week we have been developing our knowledge on place value. Our groups have been looking at 'Understanding numbers to 20', 'Partitioning numbers to 100' and 'partitioning numbers to 1000'. The children have showed great partitioning skills this week 😊.

Through Class 12's Topic lessons we have been learning about 'Lets Plant It!' The children have been making our own plant using paper and pencils becoming the stem. We also came up with facts that we already knew about plants and what we would like to find out about flowers/plants.

The children thoroughly enjoyed World Book Day, we dressed up in some amazing outfits which made the children giggle. Next week we will be looking at making our own Red noses for Red nose day, completing Mothers Day activities and going on a trip to the British Ironworks which we are all excited about!

PE for Class 12 will now be on Tuesdays and Fridays so please can you send appropriate clothing!

We hope you have a super weekend and see you all on Monday 😊!
