

We've had a wonderfully busy and fun-filled week in Class 9. During our outdoor learning session, the children went on a Spring Hunt, searching for early signs of the new season. They were excited to spot buds, daffodils, and blossoms as they explored the school grounds.

In our wellbeing lessons, we have been focusing on playing together and recognising when we enjoy similar activities. The children had a wide range of outdoor resources to choose from, and it was lovely to see them cooperating, sharing, and building new friendships.

In literacy, we completed our story of the week, *The Enormous Turnip*. The children worked hard to sequence the events and create their own story maps, showing great understanding and creativity. Next week, we will begin our new text, *Planting a Rainbow*, which will link beautifully with our spring learning and topic.

Have a lovely weekend,

Mrs Clarke and the class 9 team 😊
