

Class 6

27.03.26

The children in class 6 have had a fantastic week.

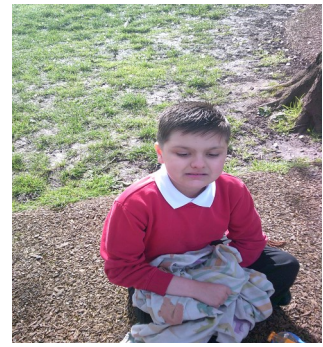

The class have had a craft based week in preparation for Easter. The children have made a number of Easter crafts, such as cards, coloured wooden flowers, cakes, decorated bunny biscuits and craft baskets. The children are really excited about bringing their craft's home on Friday.

Class 6 had their last swimming session on Wednesday. Most of the children have enjoyed the sessions and they have increased their confidence in the water.

In Forest Schools this week, the children have collected two items which they brought back to class for a memory game. The children had to look at a series of pictures of what they had collected and they had to work out which items were missing off the table.

This week the children have been listening to 'How a Fox Woke Up' by Christine Butterworth. The children found it funny how Fox woke up later and later each day, so much so that he missed his football match.

The Class 6 team wish all of our families a very Happy Easter.

Have a great Easter!
