

This week Hedgehog's Class have been thinking about how things smell, feel, taste and look. We have looked at different food associated with our book, 'Don't Put Your Finger in the Jelly Nelly!' The children particularly enjoyed the chocolate milkshake.

In the morning sessions children have enjoyed playing with and exploring water, sand, the mud kitchen along with indoor activities such as our new wooden and felt toys.

At Outdoor School this week children had a fantastic time using water sprays and hiding behind umbrellas.

We have made banana muffins in cooking. Children sliced and chopped the bananas and followed the instructions to make the very tasty cakes!
