

25.9.26

Butterflies have had another great week and they are enjoying our current topic, All About Me. They have been busy painting their self-portraits, naming parts of their face by saying this or pointing to a visual. They have placed body part labels on an outline of a body too. They are learning how to retell the story, Brown Bear and developing their Maths skills through matching items which are the same. They loved visiting the wooded area in the beautiful Autumn sunshine. They are all happily engaging with their own learning in child-initiated learning sessions and making some lovely progress. Well done Butterflies'. Enjoy your weekend, Mrs Jeffries and Butterflies' Class Team.
