

What a fantastic week we have had in Hedgehogs! This week we have thought about recycling.

We have read, 'The Messy Magpie' and completed lots of activities based on this book. Along side these we have made banana muffins in our cooking lesson, from over ripe bananas that would otherwise have been waste, and made our own paper from our neighbouring classes red recycling paper bins.

On Tuesday we had a special Yoga session with Miss Sally and focused on rainbow moves. The children practiced their breathing techniques they learnt last session and told her special teddy what their favourite colour was.
