2-1

Hedgehog's Newsletter

This week children have made a poppy ready for the whole school display and learnt about Diwali.

We have had a wonderful time dressing up in 'new clothes' and having a celebration at the end of the week with disco lights. We have completed Diwali craft and made some fantastic salt dough diya's. Children followed verbal and written instructions to make their own salt dough.

In our whole class phonics we have thought about the sound 'a'. We have practiced writing it, finding the sound in words and thinking of words that begin with the 'a' sound.

Children had a fantastic time 'cleaning' all of our teddy friends at forest school and making a special meal for them out of the natural materials they could find.
