

Class 2 News

This week we have really enjoyed exploring Under the Sea as part of our Going Places topic. We have enjoyed listening to under the sea poems in our Class book, Commotion in the Ocean and have made some wonderful clay sculptures of our favourites creatures. We have also learned some sea animal signs and practised reading and writing some under the sea themed words.

In maths we have been helping pirates collect treasure by adding more and finding a total.

In PSHE we have learned about some of the things babies need and in sensory made the most of the hot weather exploring ice and lots of water play. Great work. Class 2!

Have a fantastic weekend, Love, Mrs Shannon and the Class 2 team x
