

03.10.25

The children have been working really hard on their personalised objectives during Target Time., through a range of practical and written activities to develop their skills. Class 7 have also continued to enjoy learning to play the glockenspiels and percussion instruments to the rhythm of the song 'Mama Mia', and practised travelling with a ball in PE.

Literacy

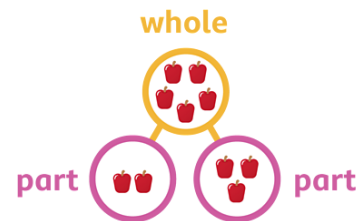

We continued reading "Beauty and the Beast" this week. We looked at the different activities that Belle likes to do and we sequenced events so that we could tell Belle all about our day at school. We also learned about how Belle likes to read about adventures in her books. The children enjoyed writing about what adventure they would go on.

Numeracy

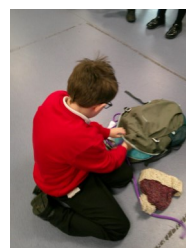

This week we moved on to improving our Addition and Subtraction skills through a range of practical activities. Children have been learning to:

- Understand a part-whole model
- Subtract by finding the difference
- Find and use number bonds to 20

Topic

This week in our 'People of the Past' topic, we learned about the explorers who were the first people to climb Mount Everest, Edmund Hillary and Tenzing Norgay. After learning about their journey, we went on our own adventure! We packed our rucksack with important supplies and then climbed up to our Outdoor School where we role-played exploring Mount Everest.

Storytime

This week we have been reading 'The Storm Whale' by Benji Davies.
