

Class 14

10.10.25

We had a fantastic day on Wednesday during our STEM (Science, Technology, Engineering and Maths) day!

Year 6 children visited Cosford RAF museum where they had the opportunity to look at the planes, tanks and missiles as well as taking part in a rocket launching competition!

Year 5 enjoyed a variety of activities in school when they returned from swimming including magnet fishing, circuit building and seed planting.

We have continued our work on Addition and Subtraction in Numeracy as well as continuing reading Theseus and the Minotaur in Literacy.

Class 14 have had great fun playing dodgeball with children vs adults!
