Class 11

It has been another busy week in class 11. We have been working really hard on our personal maths and English targets, we are all becoming much more independent when collecting our resources and having a go at our activities on our own. We have been having lots of fun with our new outdoor play equipment enjoyed reading some beautiful new books we have had for the classroom. In cooking with Mrs Johnson we all designed and made our own pizzas. In outdoor school we have been exploring textures and colours and having fun in the mud. We have been exploring plants in our topic work, we watched some really interesting time lapse videos showing how plants grow and we have looked at different seeds inside fruits. We also used broccoli as a paintbrush after we looked really closely at the different parts., we had lots of fun. Chocolate, our class bear, has been settling in well and joining in with lots of our fun activities. Please can everyone have outdoor coats and shoes in school so we can get outside as much as possible , thank you.
