

Topic

This week the children have continued our How Humans Work topic and have been learning about the digestive system. The children learnt about what happens to the food we eat and the process our body using the food we eat. The children used animations and the VR headsets to visualise the digestive system. We then made our own digestive system using food and tights to represent our stomach and intestines. The children then used pictures to create their own digestive system. Next week the children will learn about muscles.

Numeracy

This week in Numeracy the children have continued to focus on their understanding on Number and Place Value. The children have been learning to partition numbers in different ways, write number sentences, spell numbers as words and count from any number. This focus will continue next week.

Literacy

This week in Literacy the children continued to focus on the Theseus and the Minotaur myth. The children have been learning to structure their sentences this week. The children have been challenged to include adjectives, verbs and adverbs in their writing. This focus will finish next week.

P.E is on Mondays and Fridays.

Home work is Reading, Spellings or CVC words and Literacy

Have a great weekend
