

This week we have continued to share our classroom activities with Betty the Bear. She has made toast, been on a trip around the school grounds and joined in with lessons too.

Children have really enjoyed sensory explore this week. They have threaded large 3D shapes and Cheerios on to laces, cut up broccoli and herbs and made this into 'Broccoli Soup', in the role play cafe. Children have also really loved the playdough and using different mats to add features to pictures.

In art we looked at where we would like to go and used the internet to find a picture of the place we liked. Lots of the children choose swimming but we also had visits under the sea and a holiday in school!

We made some fantastic clay faces as part of My Well-being whilst out at Forest School. The children added features to their faces they had made by squashing clay onto a tree.
