

Badger's have had another fantastic week where they have been busy matching objects to an outline in Maths and learning how to mix colours together to make new colours. In Literacy they are learning the story, Goldilocks and the Three Bears and they can retell parts of the story in the Bear's Cottage. They were super stars in the swimming pool and happily swimming around the pool playing with the water toys. They have been making Diva lamps to celebrate and learn about Diwali. They are always busy learning through play, learning how to share and tidy up.

*Have a lovely weekend, Mrs Jeffries and Badgers Class team.*
