

Class 6

07.11.25

The children in class 6 have had a fantastic week.

In numeracy, the children have continued to develop their addition skills up to 10, 20, 50 and 100. The children have used a range of resources to further their knowledge.

In SPAG this week, the children have been learning about the story of 'Bonfire Night.' The children have completed a reading comprehension on the topic and they have created their own firework pictures.

This week the children have been listening to 'How The Tiger Lost His Stripes' by Anthony Paul. The class enjoyed listening to how the tiger lost his stripes and how he eventually retrieved them.

In topic, the children have started a new topic called 'Explorers and Adventurers.' As part of the knowledge harvest, the children visited Attingham Park in Shrewsbury. The children completed a mile walk, where they explored the woodland, the area around the river, and they saw a wide variety of wild-life.

After lunch in the stable courtyard, the children played on the play area, where they ran through the tunnels, worked their way through the maze and swung on the swings. The children really enjoyed their time at Attingham and they are really looking forward to our next trip.

Have a great weekend!
