# Class 11

Happy New Year and welcome back everyone! It has been a funny week with the snow and ice causing changes in routine and lots of fun all at the same time. We have still managed to have lots of fun in class 11. We have watched and joined in with our first electric umbrella event in our music lesson, we have started a new book in literacy called 'An itch to scratch' and we have done some lovely drama activities to go along with learning about the animals in the story. We have been back in the hall for PE and really enjoyed using that space to exercise and develop our physical wellbeing. We have also explored bubbles and breathing to regulate our emotions in our zones of regulation lesson. Well done everyone for coming back so well after the holidays!
