Class 11

This week has been really busy again in class 11. We have got back into the swing of things with our lessons and routines and everyone has been joining in with the exciting things we have been learning about in circle. We had a great time developing our catching and throwing skills with the visiting cricket coach in the hall. We watched videos and acted out how animals in the wild 'fix their itches' and used some great describing words when talking about the characters in the book. We have all been having a go at some new phonics games and songs. Our year 4 children had a fantastic time watching the pantomime in the hall this week and engaged really well. We have been having fun in outdoor school, mark making with natural materials and seeing how the trees catch bubbles in the wind. We like to go up to outdoor school every Thursday whatever the weather, please remember to send coats so we can stay warm and wellies and changes of clothes as sometimes we can get a bit messy! Thank you .
