

This week, and next, we are thinking about Easter. Children have listened to the Easter story and ordered key aspects. They have practiced their writing and matched sentences to an Easter picture.

In music we played the drums. Children listened to 'We Will Rock You', and played the rhythm alongside it. They took it in turns to play the guitar solo which they were all pretty excited about!

We have changed our Outdoor School slot to a Tuesday afternoon. This week children had a great time spraying different cut outs of themselves with coloured paint from spray bottles. This was actually part of our Holi festival work however it was too windy to complete it last week.

In cooking this week children have made cheese twists in their regular cooking slot as well as red nose fudge on Friday. They also explored red slurpy and made bubbles in Play and Leisure.
