Class 2 News

We have been super busy this week practicing the alphabet and letter formation in literacy using lots of different ways to practice the names and order of the letters. This helps when it comes to writing tricky words like 'the' and 'was' because the letters don't make the sounds we know and it's useful to be able to spell them out using their names instead.

In numeracy we have done lots more work building our confidence and understanding with numbers beyond 10 and also learning how to play simple games like track games and sorting games with groups of different sizes with our friends.

In the classroom we have a small room which the children can access for calming and sensory activities. This week we have borrowed a spinning chair and some different kinds of lighting which many of the children have enjoyed exploring as part of their daily sensory diet. Wishing you a happy weekend, any worries or questions, just get in touch.

Mrs Shannon and the
Class 2 team xx
