Literacy

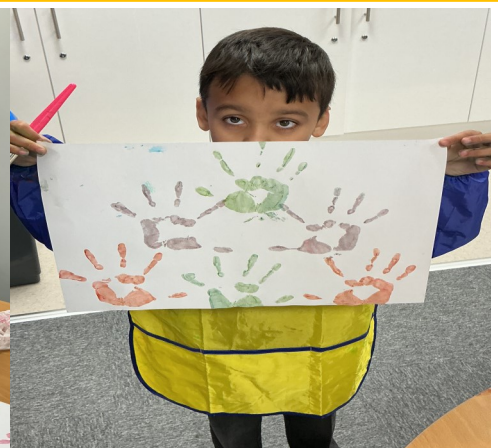

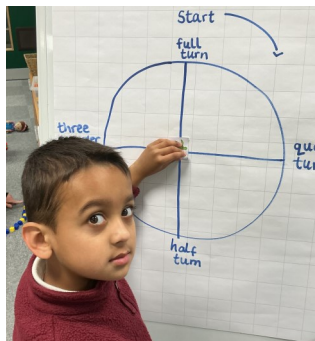

This week we have continued reading “Beauty and the beast”. The children have been sequencing images and recalling recent story events. They have created “wanted posters” and used adjectives to describe what the beast looks like. They also have been completing a character profile, talking about what the beast’s personality is like and what he has been doing.

Numeracy

This week the children have been working on position and direction and exploring 3D shapes:

Some children have been:

- Describing turns
- Identifying more complex patterns
- Copying and continuing patterns

Storytime

This week we have been reading “Silly Dizzy Dinosaur” by Jack Tickle.
