Class 3 News

We have had another busy and exciting week in class!

In Literacy, we have started exploring our new book, *The Munching Crunching Caterpillar*. The children have really enjoyed listening to the story and have been learning lots of fascinating facts about caterpillars. They have been busy labelling the different parts of a caterpillar and exploring where caterpillars live, thinking carefully about their habitats.

Despite the hot weather, the children have coped incredibly well. We have made the most of the sunshine by enjoying lots of water play, which has been a big hit! The children also had great fun freeing frozen animals from blocks of ice using their problem-solving skills to melt the ice and rescue them. To keep cool, we have been enjoying some delicious ice cream treats, and the children have loved spending time building amazing sandcastles.

Let's hope for some slightly cooler weather soon so we can continue our fun and learning in comfort! Have a lovely weekend!
