

Dragonflies

18.9.26

We have had such a fantastic start to the year! We have been exploring our lovely new classroom and resources and making ourselves at home. We have started our new learning topic of extreme weather where we started with rain and, getting rained on and made our own clouds. We also really enjoyed our first musical nurture session, exploring lots of different instruments

Please can we make sure all children have PE kit and waterproofs in school so we can rehearse getting changed for PE and be prepared for all weathers outside at outdoor school. If you have any questions please don't hesitate to get in touch, thank you for your support - dragonflies team.
