Ladybirds Class News

In Ladybirds class this week, we continued reading the story 'Big Brown Bear'. Children are enjoying learning through sensory exploration of the story and have been identifying key words. We also focused on sorting and labelling 'big' and 'small' items from the story. In Cooking, children continued to develop spreading skills by spreading butter on scones. For Positive Mental Health Day, we thought about what things make us happy and children enjoyed a range of their favourite activities. In Outdoor School this week, we looked at the Autumn leaves that had fallen and identified leaves of different colours, sizes and shapes. Next week we will be celebrating Black History Week, and we have lots of exciting activities and experiences planned. Have a lovely weekend everyone!
