

Our week in Bumblebees 16.10.26

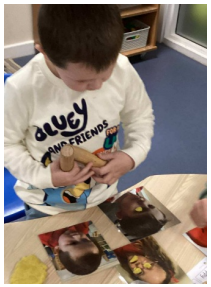

This week Bumblebees have been busy exploring faces and feelings as part of World Mental Health Day. We have used lots of multisensory learning to investigate our own and others faces and explore different parts of a face. We have begun to understand how somebody's face might show how they are feeling and use some of the words, signs and symbols we could use to communicate this. We especially enjoyed using the digital cameras to take our own funny face photos!

Just a reminder that we have parent's evening on Tuesday and we are looking forward to meeting up with you then.

Have a lovely weekend, Mrs Shannon, Mrs Clarke and the Bumblebee team. xx
